

CURRICULUM VITAE

Olivier RUAS

22 rue Duhamel

35000 RENNES

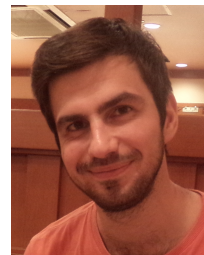

FRANCE

30 years old

Tél. : +33.6.95.56.60.24

Email : olivier.ruas@inria.fr

French nationality

Ruas Olivier : PhD, Computer Science.

About me :

I speak French, English, Spanish and I am also learning Chinese.

My research interests are :

- Machine Learning
- Data analysis
- Recommender Systems
- Distributed Computing
- Large-Scale Systems

Publications :

- Europar 2018 : 'Nodody cares if you liked Star Wars : KNN graph construction on the cheap' with **François Taïani**, **Anne-Marie Kermarrec**.
- Short paper at ICDE 2019 : 'Fingerprinting Big Data' with **François Taïani**, **Anne-Marie Kermarrec** and **Rachid Guerraoui**.
- Under submission : 'Conquer and Cluster' with **François Taïani**, **Anne-Marie Kermarrec**.
- Under submission : my work on update consistency with **Achour Mostéfaoui** and **Matthieu Perrin**.

Visits

During my PhD, I spent two months at EPFL working on Quantized Neural Networks with Rachid Guerraoui and George Damaskinos.

Computer skills

- Programming languages : Java, Scala, D, HTML, CSS, PHP, SQL, Javascript and Latex.

Education and qualifications

2015-2018	PhD at INRIA Rennes, under the supervision of François Taïani and Anne-Marie Kermarrec.
2014 - 2015	Predoc. Internships (LINA and JAIST) to prepare my PhD.
2013 - 2014	Gap year to travel, I volunteered three months at Passerelles Numériques to improve their entrance exams.
2012 - 2013	Rank 9 th at the research Master in Computer Science in Rennes.
2011 - 2012	First year of a Master of Computer Science, one semester at Aarhus university (Denmark).
2007 - 2011	Bachelor's degree, one in computer science and an other in mathematics.
